### Abstract

This research entitled “The punishment of Raping a Woman and the sentence of aborting the Rape pregnancy Embryo in Islamic Jurisdiction“ is in three sections: introduction, discussion and conclusion. The first is about the ban and concept of rape. The second deals with the stage of development and growth of the embryo. Here the Embryo goes three two stages: soul blowing and after soul blowing. Then the results of study are presented

In the second section the researcher talked about the necessary abortion where the meaning and the judgment of abortion were considered. The this was followed by highlighting the meaning necessary abortion; its restrictions and finally dealt with cases of abortion that can be subsumed under it. Great Emphasis is also laid great pinpointing the Shariah judgment on abortion in cases of rape, and adultery . Finally, in the third section I talked about the legal point of view about abortion by resorting to Shariah Scholars opinions. The research paper was concluded by research results and recommendations and a list references.
