

CURRICULUM VITA

Personal Information:

Name	Bayan Hifzi Al Ratroot
Date of Birth	February 9, 1969
Marital Status	Married
Nationality	Palestinian
Mobile	0599 875 758
e-mail	bayanart@hotmail.com

Profile:

- Excellent communication and interpersonal skills.
- Experienced in writing reports and preparing proposals.
- Highly organized and self-motivated.
- Leading and Creative in planning, analyzing, problem-solving and advising.
- Ability to work in multi-cultural environment
- Effective working alone as well as a cooperative team member, with ability to work under pressure.
- Social

My Objective: *"Obtain a challenging position that enable me to practice my multinational experience in the area of my specialization."*

Brief Background:

I graduated from An Najah National University in 1998 as an architect engineer, holding a Bachelor of Science with a cumulative average of 80.4% (Very Good). During my Bachelor study at An Najah, I participated in a two years academic exchange program at "Wuerzburg High Technichen College" (Fachhochschule Wuerzburg-Schweinfurt-Aschaffenburg) in Wuerzburg, Germany. I was enrolled as a full time student, and visited lectures, wrote exams and term papers, and did several projects. Upon my return home in 1997, the grades of eleven classes with 30 credit hours were transferred to my an Najah transcript. Theses courses are:

- Surveying for Architects (Vermessen)
- Architectural Structures II (Tragwerkslehre Anwendung)
- Environmental Desigen in Architecure II: Sanitation (Technischer Ausbau II; "Energie, Oekologie, Oekonomie, Heizungssystem, Aussparungsplan)
- Environmental Systems in Architecure III: Electrical Installation (Technischer Ausbau III)
- Environmental Systems in Architecure IV: Acoustics (Technischer Ausbau IV)
- Architectural Desigen Studio II (Entwurfsuebug II und Entwurfspruefung)
- Architectural Desigen Studio IV (Entwurfsuebung III)
- Computer-Aided Design I (CA1 – 2-3 dimensionales CAD)
- Construction Economics (Bauabwicklung, "Kostenschätzung")
- Special Problems I: Protection against rost (Korrosionschutz)
- Special Problems II: Urban and Regional Planning (Staedtebauliches Entwerfen, Bauleitplanung und Bauplanungs-recht)

During my study in Germany, I attended and participated in many workshops, seminars, and training courses that enriched my academic experience. I also participated in several field studies that were concerned with visiting and studying the features of some famous historical buildings in Germany which represents different architectural eras.

Qualifications:

- Bachelor of Science in Architect Engineering, An Najah University, Summer 1998, GPA 80.4% (Very Good).
- Certificates of Credit Courses (Scheine) earned from "Wuerzburg High Technichen College"/ Germany through an academic exchange program (1994-1996).
- Certificate of German Language, from Wuerzburg University, Germany (May 1991- Feb. 1992)

Work Experience:

Sep.,2021- now - Lecturer at Hisham Hijjawi College of Technology/ An Najah National University.

Sep, 2018 – Sep.,2021 - Head of Applied Arts Department at Hisham Hijjawi College of Technology

Feb., 2007 – sep 2018 - Lecturer at Hisham Hijjawi College of Technology/ An Najah National University.

Teached Courses in the Graphic design ,Interior design ,and Civil Engineering include:

- Perspective Drawing.
- Architectural Drawing
- Computer Desigend Graphics (Drawing with Auto Cad, 3D Max & Photo Shop).
- Graphic Design Skilles I
- History of Art.
- Multi media Design using 3D drawing Computer Programms
- Photographic
- Graduation Project.
- Interior Design
- Typography
- Designs of Three-Dimensional Objects.
- Know About Buisness (KAB 1+2)

Supervision of students graduation projects in Interior Design, Graphic Design in the Department, each semester since I started working at Hisham Hijjawi College.

Aug., 2004 - Chief Architect Engineer at the Architectures Engineering Office (Mi'maruen) – Nablus, Palestine
