Completed approximately 400 hours of professional training. Responsibilities included the collection, evaluation, and documentation of audit evidence in real-world settings.

Research Interests

Primarily empirical in scope, my research investigates the intersection of accounting, corporate sustainability, and regulatory intervention, with a specific focus on Integrated Reporting (IR) and Integrated Thinking mechanisms. I welcome collaborative opportunities exploring the role of Artificial Intelligence in corporate reporting, as well as projects concerning taxation policy design, specifically regarding tax evasion and compliance.

Refereed Journal Articles

Published in leading journals, including the *Accounting Forum* (ABS 3) and *Business Ethics, the Environment, and Responsibility* (ABS 2):

Omran, M. S. Y., Kourtzidis, S., & Marton, G. (2026). Voluntary and mandatory adoption of integrated reporting: insights into the role of regulatory intervention. *Accounting Forum*, 1–36. <https://doi.org/10.1080/01559982.2026.2631894>

Omran, M. S. Y., & Yaaqbeh, M. N. S. (2023). Climate change and business accountability, empirical evidence on the roles of environmental strategy and environmental accounting. *Business Ethics, the Environment & Responsibility*, 32(4), 1592–1608. <https://doi.org/10.1111/beer.12591>

Omran, M. S. Y., Zaid, M. A. A., & Dwekat, A. (2021). The relationship between integrated reporting and corporate environmental performance: A green trial. *Corporate Social Responsibility and Environmental Management*, 28(1), 427–445. <https://doi.org/10.1002/csr.2059>
